1. Notes Concerning The License Codes

The software can only be activated by entering a certain license code. The license code contains information on how many licenses and which set of functions will be enabled.

Each registration process will verify the licensee's information by sending a notification to PROVISO's License Tracking Server. The data will not be passed on to any third party. However, PROVISO shall reserve the right to take legal measures against the licensee in any case of license abuse.

2. License Rates / Warranty / Alterations / Misapprehensions

Commercial customers from other EU countries can only purchase products by providing their VAT ID. In this case, no sales tax will be calculated and shown. Hardware products carry a warranty of 12 months from the date of invoice.

Subject to change and error! Customers have the chance to try before you buy (Download a FREE Evaluation from our website: www.sitekiosk.com). For this reason, our refund policy for software is restricted to replacement of USB Stick damaged in shipment only. Damaged USB Stick may only be exchanged for the same product within 30 days of purchase by sending the damaged product to the return address on the package.

3. Notes Concerning Payments By Bank Transfer Within The EEA/EU

Please always state your invoice number and your customer number when transferring money. Both information can be found on the invoice we sent you by mail or e-mail.
